About BCI	36

Setting the standard since 1994.

## **NOX** Heritage

# WHO OUR HERITAGE HAS DEFINED OUR EXPERIENCE AND PHILOSOPHY.

Rooted in a chemical engineering company established in 1966, NOX Corporation has built its core expertise in producing and processing various resin compounds for applications from consumer to industrial goods.

With this heritage, NOX Corporation was founded in 1994, as family owned company, focusing on LVT flooring innovation, design and manufacturing for global customers.

## **NOX** Promise

# WHAT WE DELIVER

## ENABLES ITS CUSTOMERS TO DIFFERENTIATE, GROW AND LEAD.

## CONTROL: Delivered with Quality

NOX is the only LVT manufacturer producing not only superior quality in our finished product but in all the components. This includes every layer and every process from Calendering to Printing and Lamination. As a result, we can promise to control the quality of all these components and the ability to deliver our products on time, without defects.

## **CAPABILITY: Customized Innovation**

Over 4,000 visual libraries, 5 different installation fits, different edge cuttings, +10 thickness each layer & the World's First Click LVT, NOX provides new opportunities with proven

performance of First-to-market creation in both product and manufacturing. NOX promises to serve specific markets and needs of our individual customers.

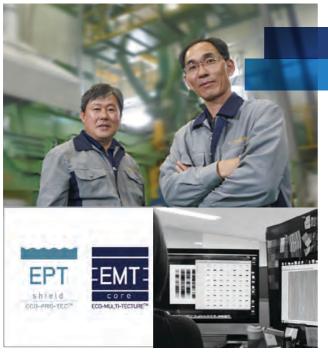

#### CAPACITY: Reliable Growth

As one of the largest LVT manufacturers globally, and bringing our capacity to over 50 million square meters annually, NOX operates with the commitment of investment for our customers needs allowing stable and significant growth for customers.

Setting the standard since 1994.

## **NOX** Difference

# WHAT WE

# GLOBALLY, NOX CONTINUE TO LEAD THE INDUSTRY W/ INNOVATION & EXPERTISE

#### **NOX IVP**

Since year 2000, NOX (IVP) Integrated Vertical Production System is the World's First & Only LVT production process ensuring superior quality control and ability to meet the different needs of our customers.

## NOX EPT™ Shield & EMT™ Core-A Global Leader

With more than 50 years of proven success, NOX EPT™ shield & EMT™ core has been the foundation for innovation, i.e. Click LVT and Loose-lay in 2005, providing the most stable and eco-friendly products which are applied for both PVC and NON-PVC resin compounds.

## **NOX In-House Design Solution**

Our unique in-house printing capability provides thousands of design development for our global demand. NOX continues to lead the trend of LVT flooring.

Setting the standard since 1994.

Dec 2016		GreenLable in Singapore
Jun 2015	-	EDP certificatin in US
Sept 2011		Obtained Floor Score certification in US DIBT U mark in Germany, A+ in France
Jul 2011		Award SMALL-GIANT by Korean Government
May 2009	_	Patent Registration of LVT Click (Korea & Japan
Apr 2009		Award KOREA SEAL OF EXCELLENCE (only among flooring manufacturers) by Korean Government
Nov 2008		Appointed 'World-Class Corporation by Korean Government
May 2008	-	launched Loose lay product in Europe
Jun 2005	_	Obtained ASTM in US
Aug 2003		Obtained ISO Certification (ISO 9001)
Oct 2001		Designated Premium Class Company by Korean Government
Apr 2000	-	Obtained ISO Certification (ISO 9002)
Nov 1999		Obtained JIS Certification (JIS A5705)

- Obtained KS Certification (KS M3802)

Installed 2nd LVT Continuous Laminate line

## **AWARDS**

## The LOOM+ TECHNOLOGY

**Proven Innovation** 

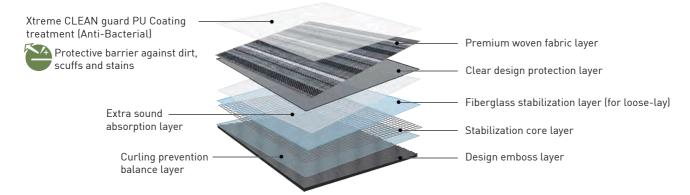

## Distinguished NOX Ecotecture® Multi-layer Property

NOX Ecotecture® Multi-layer Property featured with innovative functionality and safety, proven in more than 50 countries over 20 years

Safe Certified non-toxic, phthalate-free, and fiberglass-free fabric

Quick Quick and Easy EC OLAY® installation without glue

Fray - proof Clean-cut finishing for preventing fraying

Easy Minimal cleaning time and low maintenance

Non - Slip Slip - resistance with woven fabric surface

Xtreme CLEAN guard PU Coating treatment applied to resist stain by not absorbing liquids and thus making spills quick and easy to clean.

Silent & Soft Soft surface absorbing sound

Colorfast Colorfast properties retain gorgeous original color over time

Touah Approved for heavy commercial

Dimensional stability & Consistent thickness Consistent product thickness by patterns and size for mixing and matching different patterns

## The LOOM+ DESIGN

Play with Color, Size and Texture

## **Profound Color** Composition

Realizing multiple tones of color - carefully selected by artists - we provide you with very unique colors that expresses LOOM+ in harmony with surrounding interiors

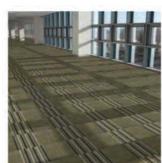

## Infinite array of color & texture

Available in 47 colors covering diverse tones like neutral, cool, warm, light, and dark in four different yarn thicknesses, we give you seven unique design patterns.

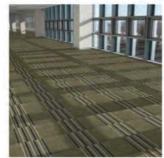

## Designed for mix & match

Creative and unique 'mix & match' only by LOOM+ is realized by introducing the same weaving system to seven design patterns.

## Optimal 2 Size variation

With our unique 2 module sizes of 50cm x 50cm and 50cm x 100cm, the first introduced in woven flooring market, you can elevate the flat environments to inspiring interior spaces.

## **ACCENTS**

Mix & match installation with knit and hand-stitch lines provides diverse floor designs. Sophisticated weaving structure coming in different thicknesses realizes never-seen before innovative floor textures.

FR-2102

FR-2103

**COZY & ELEGANT** 

Having a structure most widely used in home interior materials, our designs harmonize well with various spaces. Although it has solid color tone in general, profound colors can be represented by mixing neutral colors like gray and brown.

FT-2201

MODERN & RETRO-POP

FT-2208

Now with modern sensitivity, retro-pop mood and unique colors enable unique one-of-a- kind point design in commercial spaces

FR-2308

## CRAFT NATURAL & COMFORTABLE

Our basic weaving structure pattern comfortably fits deluxe design for any space. Thanks to our reliable basic color adding capability, we are able to provide elegant feel to offices and banks.

CORD COSMOPOLITAN STYLE

It has a structure enabling modern design in various spaces. Brown colors covering from neutral and dark tones provide high-end ambiance to commercial spaces and offices.

## HAND-STITCH BACK TO NATURE

The structure tightly woven with lattice pattern, providing a feel similar to rattan, harmonizes well with various wood furniture. It can be widely used to design spaces of natural tone.

## VINTAGE MODERN RUSTIC

The tough structure with unique woven texture and dark brown color tone will create surface interest. Unique striations of Vintage line accentuate the pattern for a chic upgrade to the common textile visual.

## **ECOCLICK**<sup>+</sup> Difference

## With NOX Ecotecture® Technology

Nox corporation, one of the world-largest LVT manufacturers, traces its roots to chemical engineering with expertise in core components of LVT flooring for more than 495 years. Its NOX ECOTECTURE® TECHNOLOGY is the foundation of ECOCLICK\* innovation, providing the most stable and eco-friendly products.

## Proven innovation of ECOCLICK\* since 2005

## 1. Unique platented Click 'n go and Drop 'n go!® click system

- The easiest and strongest click system in the market

## 2. Distinguished NOX Ecotecture® Multi-Layer Property

- Ensures the unparalleled dimensional stability and extra sound absorption of

Extra ceramic PU coating treatment (Anti-Bacterial)

Clear design protection layer

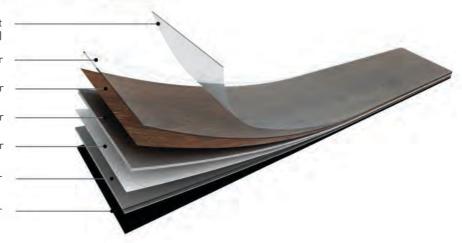

HD design print layer

Extra absorption layer

Fiberglass stabilization layer

Stabilization core layer

Curling prevention balance layer

## Advantages of ECOCLICK\*

#### Most diverse sizes

- 2 plank sizes including grande plank size
- 2 tile sizes including grande tile size

- NOX Ecotexture® Multi-Layer Property

- Fiberglass stabilization layer

100% recyclable

Easier maintenance than traditional laminated wood and natural stone flooring

**HD** Design

Easy to install, replace and remove

Ultra water-resistant

Certified low VOCs and

non-phthalate technology

Silent and soft floor

Suitable for heated floor

## The first in LVT, 'Built-In-Grout' click system of ECOCLICK\*

Just click and the natural grout line will appear, allowing for the natural elegance of stone and ceramic tiles to shine. ECOCLICK can be supplied with built-in grout type according to your request.

## Installation Guidelines

- Prior to installation, the subfloor must be heated for -14 days if heating is available, and if not, allow sufficient tome to dry out completely.
- Room temperature must maintained at 18°C or higher before and during installation.
- The flooring must be allowed to acclimate in the room to be installed for a minimum of 24 hrs. and be stacked flat on the floor to avoid bending the floor.
- Prior to installation, please ensure that both color and lot# are the same.
- When installing, be sure to keep dust, dirt or foreign particles away from the locking strip.
- Regularly sweep floor to remove sand and grit that can scratch the floor.
- For best results, use only water with a mop. Avoid flooding the floor with too much water.
- For heavily soiled areas, use a neutral ph balanced floor center.
- Use caution when lifting boxes.
- Promptly remove any standing water to avoid slippage.
- Keep on the flat surface to keep it from warping.
